About Centessa Pharmaceuticals

[Centessa Pharmaceuticals plc](#) is a clinical-stage pharmaceutical company that aims to discover and develop transformational medicines for patients. Our most advanced programs include a hemophilia program, an orexin agonist program for the treatment of narcolepsy and other sleep-wake disorders and an immuno-oncology program focused on our LockBody technology platform. We operate with the conviction that each one of our programs has the potential to change the current treatment paradigm and establish a new standard of care.
